Year 3 and 4 excursion

This week our Year 3 and 4 students went on an excursion to Salesian College, where they had the chance to experience high school life for a day. The day was packed interesting and hands on activities across a variety of subjects.

In Art, students created imaginative plasticine monsters. In the Science lab, students watched interesting chemical reactions and then had the opportunity to try some themselves. On the sports field, they participated in a soccer clinic as part of the Liverpool Football Club program, learning new skills and teamwork.

During lunch, our students were treated to a performance by the college's band in the auditorium, adding a musical highlight to the day. They also heard from former students who shared their challenges and achievements, providing insights into high school life. It was a fun day of learning and discovery that left our students excited about their future secondary school journey.
